RELEVANT EXPERIENCE

05/10/12 – 12/20/14 AND 10/15/16 – PRESENT

RETAIL SALES SPECIALIST, O'REILLY AUTO PARTS

Overseeing closing duties and making sure everyone knew their closing task that needed to be done for the night. Helping customers identify their needs using my parts knowledge especially in cases when they could only describe symptoms.

03/01/15 – 08/05/15

SERVICE ADVISOR, NISSAN OF MIDLAND

Extracted info from customer problems with their vehicles to help narrow down area for mechanics to diagnose. In charge of calling customers with updates and price quotes.

EDUCATION

EXPECTED DECEMBER 2019

SOFTWARE ENGINEER, UNIVERSITY OF TEXAS AT ARLINGTON

3.0 overall GPA and 3.15 CS GPA. Electives taken include Signal Processing, Data Mining, Machine Language. Regular courses include Operating Systems, Software Testing, Linear Algebra, Calculus 1-3, Software Design Patterns, Software Management, Algorithms.

TECHNICAL SKILLS

Worked on a few class projects with teams using both Git and GitHub. Have small python Bluetooth experience using PyBluez and creating an app on Android Studio(Java) which both used a local database using MySQL lite 3.
